## BOOKNOTES

### Book Group

The Eugene Hotel book group members will meet in the lounge on Monday, **November 27 at 2:30 p.m.** Members will read a biography, autobiography or memoir of their choosing and report to the group about their read. This option gives the opportunity to read about a person you find interesting and/or intriguing.

What is the difference between an autobiography and a memoir? The key difference is the timeline covered in the writing. An autobiography focuses on the chronology of the writer's entire life while a memoir covers one specific aspect of the writer's life. Of course, a biography is an account of someone's life written by someone else. Sometimes authorized, sometimes unauthorized.
